About Us

The APJ Abdul Kalam Education Center was established on October 15, 2022, the anniversary of APJ Abdul Kalam's birth, by the Universal Human Foundation (A trust registered under the Indian Trust Act 1982). Our organization aims to provide deserving Bengali students with and top-notch education who lack access to resources like high-quality study guides and other essential tools for passing university admission exams.

OUR MISSION

We want to offer a platform that helps those who are disadvantaged and impoverished prepare for and succeed in the numerous university admission exams held throughout the nation. According to our viewpoint, everyone has a fundamental right to an education, and no one should be denied that right for the lack of basic guidance.

We take our cue from Dr. APJ Abdul-Kalam, who very correctly stated, "The best brain of the nation may be found on the last benches of the classroom." We aim to achieve this by assisting and advising students in Bengal to enroll in prestigious universities of their choice, receive their educations, and develop into fine individuals because we believe that everyone deserves the chance to receive proper guidance.
